

DELAWARE SUCCEEDS WHEN YOUNG CHILDREN SUCCEED

Delaware Children

67,700 CHILDREN
Birth through five years old

42%

from families with low-incomes, and at risk to the achievement gap

45,000

under age 6 potentially need child care

Early Learning Matters

If you care about these issues, you care about high-quality early learning and development:

College & Career Readiness

Global Competitiveness

Crime Reduction

Economic Well-Being

Thriving Communities

High quality early learning yields big benefits for low-income children:

30%

INCREASE
in high school graduation

50%

INCREASE
in college attendance

39%

REDUCTION
in special education placements

Economists estimate a **10% return on investments in high quality early education** – in reduced health care, special education, incarceration costs, and increased productivity and tax revenues.

Delaware's Youngest Learners Cannot Wait

90% of the physical brain develops by age 5

Brain architecture lays the foundation for all learning

BIRTH TO 8

The most rapid period of human development

Pay NOW, or Pay MORE LATER

\$11,000 Annual cost of infant care in a center in Delaware

vs

\$38,000 Annual incarceration cost, per prisoner, in Delaware
