

Your Home is Your Child's First Learning Environment!

TIPS for Families to help children learn at home:

In the kitchen...

Sort different size plastic storage containers and lids

In the bedroom...

Talk about the day to increase memory skills

In the living room...

Go on a letter hunt – looking in books, magazines or on pictures.

When doing laundry...

Sort clothes by color and match pairs of socks

In the hallway...

Count the steps as they walk upstairs

Outside...

Run, jump, and climb to build strong muscles
